

SCHOOL on WHEELS MASSACHUSETTS

Educate Kids
Empower Families
End Homelessness

There are close to **300** families experiencing homelessness living in hotels and motels across the South Shore region. School on Wheels of Massachusetts will be hosting **Family Game Nights** during the February school vacation week. Families will be invited to come and play a variety of educational games. At the end of the game night, children will be given a new game to take back to their room. To make this possible, we are conducting a **Game Drive**. With your help we will be able to provide one new game to each family. **All games must be new.**

Children who experience homelessness

- ◆ are 9 times more likely to repeat a grade.
- ◆ have twice the rate of learning disabilities.
- ◆ are 4 times more likely to show delayed development.
